Storages: Microsoft SQL Server, MySQL, MongoDB,

Problem Solving: Strong skills with attention to detail.

Communication and Collaboration: Excellent skills in both areas. Front-end and Back-end web development, Software development, Collaboration in remote work environments.

RELEVANT EXPERIENCE

Full Stack Web Developer / Remote *2019 - to present*
Shoot At Location / Los Angeles, CA

As a freelance web developer, I am a self-employed professional with expertise in creating websites and web applications. My work involves designing and building websites that are visually appealing, user-friendly, and functional. I have strong skills in web development technologies such as HTML, CSS, JavaScript, and various web frameworks.

Front End Web Developer *2014 - 2017*
Web Design Miami / Miami, FL

I design visually appealing and user-friendly interfaces, specializing in HTML/CSS coding and responsive web development. My expertise includes JavaScript for interactive features and collaboration with designers for seamless integration. Proficient in Git, I prioritize code quality, optimize performance, and stay updated on industry trends for continuous improvement in front-end development.

Graphic Designer *2008 - 2012*
Graphic Edge / Miami, FL

I adeptly wield the creative power of Photoshop and Illustrator to craft visually stunning designs that elevate our projects to new heights. Working collaboratively within the agency's dynamic team, I contribute my creativity to diverse initiatives, ranging from branding campaigns to digital experiences.

Graphic Designer
Arte Grafico / San Juan, Puerto Rico

1997 - 2000

As a graphic designer at Arte Grafico, I play a pivotal role in shaping the visual identity of our projects. Working in a team environment, I contribute my expertise to diverse projects, from branding campaigns to digital assets.

EDUCATION

Full Stack Developer Certificate: UM Bootcamp, Miami, FL

A 24-week intensive program focused on gaining technical programming skills HTML5 / CSS3 (Sass, Less) / JavaScript (ES6+) / Responsive Design / UI/UX Design / Basics / Version Control (Git) / CSS Frameworks (Bootstrap) / Build Tools (Webpack) / React / Front-End Testing (Jest, Cypress) / AJAX and APIs / Cross-Browser Compatibility / Performance Optimization

Three.js Journey Course

70 hours of video lessons with projects.

Graphic Design Technology: Miami Dade College, Miami, FL

A two-year degree program is a creative career track that imparts occupational skills in the creation and production of promotional materials for print, multimedia and the Web, including the selection and arrangement of text and graphic elements to communicate a message. A comprehensive graphic design curriculum of studio projects leads to an extensive portfolio that empowers graduates to become viable job candidates in the field.

Computer Science: Miami Dade College, Miami, FL

I hold an Associate of Science (AS) degree in Computer Science, which I earned through a comprehensive two-year program. With a strong foundation in programming, data structures, and computer systems, I possess the essential skills needed to develop and maintain software applications, troubleshoot technical issues, and support computer systems.
